PROFESSIONAL SUMMARY

Full-Stack Engineer with 5+ years of experience shipping production-grade web and mobile products end-to-end across React, Next.js, Node.js, Bun/Elysia, and AWS. Comfortable owning a feature from database schema to pixel-perfect UI, with a strong record of measurable impact: 60% backend performance gains, 30-90% frontend load-time reductions, and 15-25% engagement lifts. Experienced leading small teams and shipping AI-driven, payment-enabled, multi-tenant SaaS products.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Python, Java, C/C++, SQL

Frontend: React.js, Next.js, React Native, AngularJS, Redux, React Query, GraphQL, Tailwind CSS, D3.js

Backend: Node.js, Express.js, Bun, Elysia.js, Firebase Functions, Prisma, Apollo Server, Python

Databases: PostgreSQL, MySQL, MongoDB, DynamoDB, Memgraph, Supabase

Cloud & DevOps: AWS (EC2, S3, Lambda, DynamoDB), GCP, Firebase, Vercel, Docker, Ansible, Jenkins, CI/CD, Railway

Mobile: React Native, Flutter (cross-platform delivery)

Integrations & AI: Stripe, Razorpay, Twilio, 100ms, OpenAI / LLMs, ComfyUI

Practices: System design, microservices, serverless, A/B testing, code reviews, mentoring, agile delivery

PROFESSIONAL EXPERIENCE

Helium | Delhi, India

May 2024 - Present

Software Engineer (Full-Stack)

- Spearheaded a **drag-and-drop website builder** end-to-end in Next.js, Puck, and Nx Monorepo, enabling non-technical users to design, preview, and publish online stores.
- Built and optimized **high-performance landing pages** for Noise and Leaf Studios with Next.js, **reducing load time by 30%** and boosting engagement by **20%**.
- Migrated backend services to **Bun/Elysia plugins** and launched self-serve onboarding plus A/B growth experiments, driving a **60% backend performance gain**.
- Implemented **LLM-based data generation pipelines** and fine-tuned models for personalization, improving recommendation accuracy by **25%** and engagement by **15%**.
- Developed the **Impulse analytics dashboard** with Next.js, React Query, and GraphQL, contributing to a **15% increase in ROAS** for partner brands.

Tech: Next.js, Node.js, Bun, Elysia, Prisma, GraphQL, PostgreSQL, AWS, OpenAI, Razorpay

Vaionex Corporation | Noida, India

Sep 2023 - May 2024

Front-End / Full-Stack Developer

- Built **AI-powered applications** using GPT LLMs and ComfyUI Stable Diffusion, delivering a **90% improvement in page load performance**.
- Engineered a **serverless Firebase Functions backend** plus secure REST APIs for full-stack features, streamlining infra and improving scalability.
- Coordinated cross-functional collaboration among engineers, designers, and stakeholders to ship coherent, high-velocity releases.
- Led product launches that attracted substantial investment and validated product-market fit.

Tech: Next.js, React Native, Node.js, Firebase, D3.js, Memgraph, AWS (EC2, S3), GCP, Docker, Stripe

Cloudstok | Noida, India

Feb 2021 - Sep 2023

Software Development Engineer

- Delivered end-to-end solutions across web, mobile, and backend systems for **12 client projects**, contributing to a **20% profit increase**.
- Built internal tooling that boosted operational efficiency by **70%** across multiple business workflows.

- Led a team of **6 engineers**, owning sprint planning, code reviews, and timely delivery across parallel projects.
- Designed scalable architectures spanning React, Angular, Gatsby, React Native, Flutter, and Node.js services.
Tech: React, Angular, Gatsby, Node.js, Express, Flutter, React Native, Docker, AWS, MySQL, MongoDB, GraphQL

SELECTED PROJECTS

- **BPLaw Full-Stack Legal Platform:** Built a Next.js + Node.js + PostgreSQL platform with admin dashboard and integrated payment gateways for a law-consulting firm.
- **Professional Networking App:** Shipped a LinkedIn-style cross-platform app with React Native, Node.js, and Supabase, including real-time messaging and feed ranking.
- **Meradoc Healthcare Platform:** Cross-platform telehealth app with React Native frontends, Node.js backends, and Twilio/100ms video consultations.

EDUCATION

Bachelor of Computer Application (BCA)

Jan 2018 - Jun 2022

IGNOU, New Delhi

CERTIFICATIONS

- **HackerRank Certifications:** Problem Solving, JavaScript, Node.js
- **AWS Technical Accreditation**
